## DBS Service

The Disclosure and Barring Service (DBS) is an essential part of running an organisation/group which deals with vulnerable groups and Volunteers. It is now a statutory requirement for many neighbourhood care groups, third sector organisations and private sector groups (medical practices, clinics, dentists, etc.) to ensure that all their salaried staff and volunteers are DBS checked, especially if they are receiving funds from, or dealing with governmental/local government organisations like the London Borough of Croydon.

To find out more about our service, please contact the office directly:

**020 8662 1000** or [info@cnca.org.uk](mailto:info@cnca.org.uk)
